The Faster, More Accurate Desktop Color Scanner

The BulletScan F200 flatbed ADF scanner is the perfect solution for the small to medium office or for departmental use within a corporation. In today's digital world, businesses are finding the need to scan and send documents to email, intranet and web as well as becoming digitally compliant with state and federal regulations. The BulletScan F200 scans up to 20 pages per minute (20 PPM) and is the fastest scanner in its category.

The BulletScan F200 includes BulletScan Manager software, is powered by ABBYY FineReader® Technology for unmatched optical character recognition accuracy and comes bundled with NewSoft Presto! PageManager and Presto! BizCard Reader. The end result is faster scan performance, more accurate searchable and editable documents, increased productivity for managing documents and contacts, and advanced imaging processing features for the best image quality.

Document Capture Made Simple

The BulletScan Manager Software provides everything needed to control the scanning process, file formats, and scan-to-destinations. BulletScan Manager offers both easy and advanced scan mode settings. Advanced imaging features such as auto-straighten, auto-crop, and blank page detection, are included as the default settings in easy mode and can be fine-tuned in advanced mode. 9 Scan-to File Destinations with 1-click scan- to-PDF and Searchable PDF, among other file formats. BulletScan includes everything you need to increase your productivity including NewSoft Presto! Page manager for managing your files and Presto! BizCard Reader for organizing your contacts.

Scan-To-Google Docs

For Microsoft Windows users, the BulletScan F200 offers the industry's first 1-Click scanning to Google Docs. Scan directly to any preselected folder within Goggle Docs and store it in the cloud for subsequent retrieval, sharing and forwarding. Windows users can also use BulletScan Manager's easy and advanced modes to set scan-to-destinations such as YouSendIt, Evernote, email, and print.

Powered by ABBYY FineReader® Technology for Unmatched Accuracy

The BulletScan F200 is powered by ABBYY FineReader Technology, the same technology used for ABBYY FineReader Desktop OCR, voted 4-stars by PC Magazine, 2009. The ABBYY FineReader Technology, reduces the size of the resulting PDF without loss of visual quality, supports output to PDF/A, retains text-under-image, text-over-image, text and pictures or image-only PDFs.

Reliability

The BulletScan F200 is backed by a 2-year manufacturer's warranty upon product registration. It is also Mac OS X and Windows 7 compliant, certified Hi-Speed USB 2.0 interface, and includes TWAIN, WIA and ISIS drivers. The BulletScan F200 is supported by iVina's U.S. based technical support and customer service teams.
