### **Copy:**

#### **Scan Shoeboxes Full of Photos Quickly and Easily**

The BulletScan M40 Photo Scanner is for the person who needs to quickly convert photos or paper files to digital files anywhere. Ideal for archiving those family photos or reliving your favorite memories, the BulletScan M40 helps you bring your favorite photos into the digital age where they can be easily stored, found, viewed and shared with others.

#### **Easy to Use and Fast Too**

Images are automatically cropped and straightened without any software to install. You can scan a 4" x 6" photo at 300dpi in color in under 7 seconds.

#### **No PC Required!**

Offering the ultimate in portability, the BulletScan M40 automatically scans photos directly to USB Flash drive, SD or MicroSD card – there is no PC required in order to capture your photos digitally. Scan and upload photos when the optional Eye-Fi card is inserted into the M40's USB port - with no PC required! The perfect gift for parents and grandparents who want the easiest way to digitize their photos.

#### **Scan Receipts and Business Cards into your BlackBerry**

The BulletScan M40 handles more than just photos. Instantly convert receipts, business cards, checks and ID cards to digital files where they can be organized, stored and shared. The M40 has an SD port and includes a MicroSD card adapter, so scanned images saved to MicroSD card can be transferred to your BlackBerry or any other Smartphone that supports SD or MicroSD cards.

#### **Transfer Saved Images to PC, Mac, Digital Frames and More**

The BulletScan M40 is platform independent. Scanned images saved to the USB Flash Drive or SD or MicroSD card can be transferred to any USB, SD or MicroSD compatible device including Windows PCs, Macs, digital photo frames, cameras, or smartphones.

#### **Reliability**

The BulletScan M40 is backed by a 2-year manufacturer's warranty upon product registration. It is also Mac OS X and Windows 7 compliant, certified Hi-Speed USB 2.0 interface, and includes TWAIN, WIA and ISIS drivers. The BulletScan M40 is supported by iVina's U.S. based technical support and customer service teams.
