2 Scanners in 1

Named as one of PCWorld 100 Best Products of 2010, the BulletScan S300 offers both mobile professionals as well as office workers a single scanner that serves their document scanning requirements in the office, on the road or at home. The BulletScan S300 is Mac and Microsoft Windows compatible and scans business cards, receipts, ID cards, photos or documents up to legal-size.

When the BulletScan S300 detachable mobile scanner is docked into its integrated automatic document feeder, it scans up to 30 images per minute in color at 200 dpi. When undocked, it transforms into a fully functional, USB powered mobile scanner that will scan an 8.5 x 11" document in under 5 seconds.

Document Capture Made Simple

The BulletScan Manager Software provides everything needed to control the scanning process, file formats, and scan-to-destinations. BulletScan Manager offers both easy and advanced scan mode settings. Advanced imaging features such as auto-straighten, auto-crop and blank page detection are included as the default settings in easy mode and can be fine-tuned in advanced mode. 6 Scan-to File Destinations with 1-click scan- to-PDF and Searchable PDF, among other file formats. BulletScan includes everything you need to increase your productivity including NewSoft Presto! Page manager for managing your files and Presto! BizCard Reader for organizing your contacts.

Scan-To-Google Docs

For Microsoft Windows users, the BulletScan S300 offers the industry's first 1-Click scanning to Google Docs. Scan directly to any preselected folder within Goggle Docs and store it in the cloud for subsequent retrieval, sharing and forwarding. Windows users can also use BulletScan Manager's easy and advanced modes to set scan-to-destinations such as YouSendIt, Evernote, email, and print.

Powered by ABBYY FineReader® Technology for Unmatched Accuracy

The BulletScan S300 is powered by ABBYY FineReader Technology, the same technology used for ABBYY FineReader Desktop OCR, voted 4-stars by PC Magazine, 2009. The ABBYY FineReader Technology, reduces the size of the resulting PDF without loss of visual quality, supports output to PDF/A, retains text-under-image, text-over-image, text and pictures or image-only PDFs.

Reliability

The BulletScan S300 is backed by a 2-year manufacturer's warranty upon product registration. It is also Mac OS X and Windows 7 compliant, certified Hi-Speed USB 2.0 interface, and includes TWAIN, WIA and ISIS drivers. The BulletScan S300 is supported by iVina's U.S. based technical support and customer service teams.
